

CANADA
PROVINCE DE QUÉBEC
MUNICIPALITÉ DE SAINT-ARMAND

PUBLIC NOTICE

**THE UNIDIRECTIONAL FLUSHING OPERATION OF THE AQUEDUCT NETWORK IS
POSTPONED TO THURSDAY MAY 16**

**USERS ARE HEREBY ADVISED TO
RUN THE WATER THOROUGHLY
BEFORE CONSUMPTION OR USE.**

When detecting yellowish water coloring, it is suggested to :

- *Not consume water even though it poses no health risk ;*
- *Not use hot water. The particles could be lodged in the water heater. It is also suggested to clean it regularly;*
- *Avoid doing laundry until the situation is corrected ;*
- *Allow cold tap water to run profusely for a few minutes to rinse your building's plumbing when the situation is corrected ;*
- *Use lemon to remove stains ;*
- *Avoid using bleach.*

This notice will also be published on the Municipality's website at
www.municipalite.saint-armand.qc.ca in the Public Notices section.

Given in Saint-André
